

Playpak

Playpak helps babies and young kids develop through play

firefly Playpak

Playpak helps babies and young kids develop through play.

This lightweight bag contains an entire activity centre. Inside you will find rolls, wedges and supports that stick together in dozens of ways and let your child practice different developmental postures which form the building blocks for later abilities.

- ✓ Suitable from birth to 4 years
- ✓ Playpak helps develop physical, cognitive, sensory & communication skills
- ✓ Facilitates three crucial early intervention postures (active sitting, prone & supine)
- ✓ Exclusive Online Therapy Booklet

Super sticky velcro strips for added stability

Fluffy soft velcro cloud
